

IS KING INSANE

Recent Taste of Power May Have Deranged Alfonso's Mind.

Spain's Boy Ruler Curses Mother and Seeks Low Associates.

HE PARADED THE PALACE STARK NAKED

For a Half Day, It is Said, Defying Anyone to Touch His Sacred Person --- An Effort Made to Con- ceal the Facts at Madrid.

Madrid, July 12.—The eccentric be-
havior of Alfonso XIII. is causing the
royal household considerable anxiety
for the future of the young king, who
seems to combine the depraved tastes
of his notorious grandmother with the
irresponsibility of his half imbecile
father. After angering the military
authorities and antagonizing his min-
isters he is now on strained terms
with the queen mother, whom he has
repeatedly insulted grossly, and has
estranged the sympathy of the family
and of his court by the fondness he
has developed for low associates. The
household has made desperate efforts

to conceal these faults and prevent a
public scandal, but a portion of the
truth has nevertheless leaked out in
social circles here.
Terrible stories of young King Alfon-
so are current. It is said that his re-
cent taste of power has deranged his
mind. He brooks no interference,
curses his mother and goes disguised
to low balls and drinking places. It
was not long before the coronation
that he came down from his apart-
ments stark naked one morning, de-
claring clothing to be superfluous and
paraded the palace in that condition
for a half a day, defying anyone to
touch his sacred person.

CHOLERA KILLS MANY THOUSANDS.

Washington, July 12.—The United
States consul at Canton, China, Mr.
McWade, has cabled the state depart-

ment that cholera is raging in all the
towns along the Gweten river in
Kwansi. He says that 3000 have died
in Pinglok and over 10,000 in Kwelang.

KICKED CAN

AND NITROGLYCERINE BLEW HIM TO PIECES.

Woodsfield Lad Was Picking Berries Friday Evening When Accident Occurred.

Woodsfield, O., July 12.—Evan Davis
an 18-year-old boy, was literally blown
to pieces last evening by stepping on a
nitroglycerine can. He was picking
berries in a berry patch opposite the
B., Z. & C. station and started to find
a fresher spot when the fatality oc-
curred. He thought that the can was
empty and gave it a kick. It contained
a sufficient amount of nitroglycerine
sticking to the sides to cause the ac-
cident.

The victim was the son of Mrs. An-
na Davis, who keeps a boarding house
in Woodsfield. A few minutes after the
explosion small bits of the body and
the clothing were found hundreds of
yards from the spot. These were gar-
thered up a piece at a time and placed
in a paper sack.

Cuban Congress.

Havana, July 12.—The House com-
mittee on military affairs today made
a unanimous and favorable report on
the bill which empowers the chief ex-
ecutive to negotiate a loan of forty mil-
lion dollars to pay patriot troops. The
bill established a national lottery and
war tax to guarantee the loan at the
suggestion of General Gomez. The
Cubans that enlisted after the adop-
tion of the American joint resolution,
declaring that Cuba is of right and
should be free, are excluded from the
roster of those who shall benefit.

Fifty-Three Saloons.

Auditor Pitser today finished his
summing up of Dow tax statistics for
Licking county, showing that 83 sal-
oons in the county pay the tax. Eighty
of these are in Newark city.

THREE SETS OF TRIPLETS

Sergeant, Ky., July 12.—Mrs. Geneva
Taylor, aged 36, wife of a poor miner
at Inman, Va., gave birth to triplets,
all girls, this week. Their weights
were four, five and six pounds, re-
spectively. Mrs. Taylor has given
birth to three sets of triplets and the
nine children are all living. Perhaps
there is not a similar case in the Uni-
ted States. The mother is doing well.

Novelist Dead.

London, July 12.—Mrs. Alexander
Hector, the novelist, is dead. "Mrs.
Alexander," the nom de plume under
which she wrote, was born in Dublin
in 1825. She won popularity and fame
with her novel, "The Admiral's Ward." She
has written other books since, which
were successful.

SLOWLY

Are the Rivers Receding and the Dan- ger Line Has Passed—Conditions in Des Moines.

Des Moines, Iowa, July 12.—The Des
Moines and Raccoon rivers continue to
recede slowly, having declined a little
more than a foot from the highest
point. The danger is passed however,
and the authorities are devoting all
their attention to caring for the hun-
dreds of destitute. They will continue
to occupy tents and to be provisioned
from the public depot for several
weeks. The wholesale and manufac-
turing districts will be unable to re-
sume normal business for many days,
as the water is still spread out over
several square miles of this territory.

LARGEST CHILD

Chicago, July 12.—The largest child
ever born in the state, physicians say,
saw the light of day in Waukegan, on
Tuesday. Mrs. George Catlin became
the mother of a daughter which
weighed two and one half pounds.
While apparently healthy the child
died within 12 hours.

Western Irrigation.

Washington, July 12.—As rapidly as
they can be organized surveying par-
ties will be sent out to select and lay
out irrigating sites in the western
states benefitting by the recent con-
gressional legislation. Parties are now
working in California, Idaho, Utah,
Nevada, Oregon, Colorado, Washing-
ton and Arizona. Data collected by
them will be sent to the geological
survey which will determine suitable
sites for reservoirs.

PROPOSED NEW STEEL INDUSTRY

Newark Board of Trade Reaches an Agreement With Mr. Taylor The Details of Which are to Be Announced Later.

The Board of Trade of the City of Newark announces to the citizens of Newark
and Licking County that an agreement has been reached with the representatives of
the new steel company to locate on the Forry farm a steel mill starting with 300 men,
with a monthly pay roll of from \$20,000 to \$25,000.

Three Hundred and Sixty-Five lots must be sold at an average price of about \$250
per lot; of this number the Board of Trade agrees to sell 200. The surveying, platting
and appraising of the lots is now being done.

The sale will begin Thursday, July 17th, at 9 o'clock a. m., and must be completed
according to agreement by August 1st.

CRAZED

By Jealousy Belding Kills Several People.

THEN COOLLY WALKED OUT AND SURRENDERED.

MURDERER'S WIFE LEFT HIM

Some Time Ago Taking Up Residence With Her Mother, Mrs. McClos- key—Belding Suspicious.

Portland, Ore., July 12.—Crazed by
jealousy, A. B. Belding, a bar keeper,
walked into the boarding house con-
ducted by Mrs. McCloskey last mid-
night and shot and killed Frank Wood-
ward, a boarder, Mrs. Belding and
Mrs. McCloskey and fatally wounded
the latter's husband. Belding then
coolly walked out of the house and
gave himself up. The murderer's wife
left him some time ago, taking up her
residence with her mother, Mrs. Mc-
Closkey. Belding suspected her of be-
ing intimate with Woodward.

Family Drowned.

Dividing Creek, N. Y., July 12.—A
party, all of whom were drowned off
Long Beach, L. I., Thursday evening
were all residents of this place. When
the launch left here on Monday last
there were four persons aboard, a fam-
ily party. They were A. B. Lamb, his
wife, Levin Lamb their adopted child,
and Charles M. Howell, father of Mrs.
Lamb. Lamb was a ship carpenter and
built a launch himself for the express
purpose of taking his family to Hemp-
stead, L. I. The craft was staunch
and Lamb formerly knew the waters
off Long Beach well.

BABY BORN IN QUARANTINE.

Columbus, O., July 12.—Mrs. J. P.
Munro who is quarantined because of
smallpox, gave birth to a girl baby
yesterday. The infant cannot be vac-
cinated, and the physicians are
watching the case with unusual inter-
est.

A BIG MOB

Stood For Hours About the Jail De- termined to Lynch Charles Russell But Failed.

East St. Louisville, Ill., July 21.—
From early evening until long after
midnight a mob of 500 angry citizens
surrounding the city jail determined to
lynch Charles Russell a negro under
arrest for an attack on Miss Anna Bry-
ant Sunday night. The police armed
with riot guns filled the jail and defied
the mob. The mob dispersed after 1
o'clock fearing to attack the police.

A BAD WRECK

ENGINE AND THIRTY-FIVE CARS PILED UP.

Depot Totally Wrecked but Agent Crawled Out or Window Only Slightly Injured.

Frankfort, Ky., July 12.—At 10 o'clock
this morning the most disastrous
wreck that has occurred on the Vanda-
lia in recent years took place at Moran
near this city. The local freight had
orders to take the siding for the fast
through freight, but had not cleared
the main track when the fast freight,
running 50 miles an hour rounded a
sharp curve and a minute later was
plowing its way through the local
train. The collision took place in
front of the depot which was totally
wrecked, seven cars being piled upon
it. Agent C. H. Kent crawled out of
a window, escaping serious injury. En-
gineer Frank Harland and Fireman
Joe Creed of the through freight jump-
ed and were only slightly hurt. Geo.
Talbinger was severely bruised. Sam-
uel Kirkwood of Moran, was caught in
the wreck and dangerously hurt. The
engine and thirty-five cars are piled up
in a confused mass and the property
loss will reach \$50,000.

COLUMBUS POPULATION.

Columbus, Ohio, July 12.—The new
city directory just issued gives Colum-
bus a population of 152,000 the figures
being based on two and one half times
the number of names in the directory.

WILD

Enthusiasm Marked Arrival Of Kitchener.

GENERAL MADE MODEST SPEECH TO THE CROWD.

HE RECEIVED A GREAT OVATION

Procession a Grand Pageant—London Papers Laud Kitchener as Great- est Soldier of Empire.

London, July 12.—The arrival of
General Kitchener is the only excite-
ment of the day. He landed at South-
ampton this morning amid the wildest
enthusiasm, and proceeded to London.

GEORGE TOM KITCHENER.
The London papers laud him as the
greatest soldier of the empire in a
modest speech to the vast crowd.
Kitchener said: "Whatever success I
have achieved is due to the rank and
file of the army."

The procession was a grand
pageant. The coronation stands were
used by the people to view the state
procession. Lord Kitchener received
almost royal honors and was cheered
tremendously all along the route.

It was noticed as Kitchener drove
along toward St. James, he smiled
frequently at the cheering crowd,
but that his features were immobile
when he passed the stands crowded
with the fashionable element. The
general merely saluted them.

MORE SERIOUS

Teamsters Join Freight Handlers in Big Sympathetic Strike.

The Men Who Refused to Quit Work are Roughly Handled.

THEIR WAGONS UPSET, HARNESS CUT

Today Loaded Trucks Appeared on Streets, Equipped With White Flags and Banners Reading "For Boats and City Only"—An Exciting Day.

Chicago, July 12.—The strike of the
Chicago freight handlers is more ser-
ious this morning. As individuals all
the teamsters went out on a sympa-
thetic strike refusing to deliver a
pound of freight. If continued this po-
licy will paralyze Chicago business.
At 9 o'clock today it was estimated
that 8700 of the 9000 teamsters and
truckers who haul freight were out.
The tie up is complete, no freight be-
ing moved at any of the freight houses.

JOHNSTOWN HORROR

Including Fifteen Bodies Recovered This Morning 124 Bodies Have Been Taken From the Mine—Operation May Be Resumed Monday.

Johnstown, Pa., July 12.—Including
the 15 bodies recovered this morning
124 bodies in all have been taken from
the mine.

Johnstown, Pa., July 12.—The gen-
eral belief here is that the mine officials
are trying to suppress the enormity of
the disaster. It is thought that the list
of dead will be over 200, despite the
fact that the officers are making much
smaller claims. This opinion is based
on the fact that there are 27 rooms in
the heart of the explosion district that
have not been entered yet and it is a
known fact that men were at work in
each and every room in that section.

Last night and this morning 12 rooms
in the district were entered and it was
from these that the dead brought to
the surface were found. All bodies
found in these rooms were badly burn-
ed. This morning W. H. Morris, su-
perintendent of the Merchants' Coal
company, stated that he had been

through the mine with the rescuing
parties and that he is confident that
there would not be more than four or
five more bodies in the mine.

Johnstown, Pa., July 12.—After fif-
teen hours of continuous exploration of
the Klondyke section of the stricken
mine of the Cambria Steel company
the officials announce that the main
headings have all been penetrated.
The known list of dead numbers 105
with possibly a few bodies left yet in
out of the way places in the mine. The
list at the outside will hardly reach
125. Fifteen bodies were brought out
at 3 o'clock this morning. In the Cam-
bria company's hospital, three more
are not expected to live today. Eight
rescued in the first party were in such
good condition that they were dis-
charged from the hospital last night.

Mining in the Cambria colliery will
be resumed Monday if the gas can be
wholly expelled. The damage to the
mine does not exceed \$50. Mine offi-
cials say the accident was due to the
use of a naked lamp which is against
the mine rules.

WASPS' NEST

STIRRED UP BY THIS LICKING COUNTY BOY

Who Was Badly Injured by Insects and Hurt by Fall From a Haymow.

The young son of Shannon Lough-
man of Hopewell township, met with a
peculiar and serious accident Saturday
morning at his home.

The young man had gone to the
haymow to throw down some hay, and
as he was stirring up a wasp nest
The angry insects attacked him and in
his blind frenzy from ruminations
he fell out of the window to the ground
below, sustaining painful injuries.

The left wrist was broken, the right
one sprained and his body bruised
badly by the fall.

deceased.

TRACY

Has Many Narrow Escapes and Poses Today are Again Making it Hot For Him.

Seattle, Wash., July 12.—The center
of action against Harry Tracy has been
moved to Ravensdale, 35 miles from
here, where Sheriff Cudihoe has es-
tablished headquarters. Hounds last
night worked to the edge of a large
swampy tract near Gintero Flats. The
chase yesterday was so hot it is be-
lieved the fugitive slept there last
night being worn, foot sore and wor-
ried. The blood hounds were so close
all day that the fugitive had many
narrow escapes. This morning posses
commenced work around the edge of
the swamps. Poses guarded the
roads and trails all night and were
relieved this morning by fresh men.

Findlay—Robert B. Motherwell, a
prominent manufacturer and lodge
man, died yesterday morning from a
stroke of paralysis. He was an ac-
tive Democrat.

HYPOCRISY OF ROOSEVELT'S
ANTI-TRUST TALK.

This anti-trust talk of Theodore Roosevelt since Congress has adjourned is very generally characterized by the independent press as being the veriest clap trap and wholly devoid of sincerity.

Over a year ago Roosevelt made a similar grand-stand play about investigation of trusts and a curtailment of their power and oppression, but what did the talk do? It accomplished nothing, unless it has made the trusts have no fear of him and caused the American people to place no credence in what he says.

If Roosevelt had not made so many anti-trust talks prior to this time and then failed to act every time he had an opportunity, this last anti-trust exhibition might prove interesting, but the American people want something more substantial from their chief magistrate than talk. They want relief from trusts oppression. A little talk from the president just as he has abandoned work for the summer is not even encouraging. It is vexatious to the people.

Roosevelt is now talking for popularity. He is fishing for the plaudits of the people. There is no more probability of his taking any effective steps against the trusts before 1904 than there is of his punching the face of Mark Hanna or refusing Booker Washington a square meal.

Roosevelt is subservient to the trusts. He is at the head of a party which is governed and controlled by the trusts. He cannot expect to receive the nomination for president in 1904 from the trusts if he opposes them seriously. He is in the presidential chair now by a mere matter of chance, having not been elected to the presidency, and he cannot expect to be honored with the nomination by the Republican party for President at any time to come unless he serves the Republican party by being friendly to the trusts. He will make a great display of anti-trust "talk" and he may have two or three of his fellow officials aid in giving color to his grand-stand anti-trust performances.

If at any time in the near future Roosevelt does show serious opposition to the trusts and not opposition which is mere talk, the people will applaud him. They want him to take steps to end trust rule. If he does this he will kill himself with the Republican party, however, and hence he can be counted on to do nothing.

The only way Roosevelt can prove to the people that he wants to put an end to trust rule is to oppose them with some weapon more potent than "talk." Trusts thrive on "talk" and "talk" will never feed a hungry people or save an oppressed republic.

Roosevelt's opposition to trust thus far has been all "talk" and it will end in "talk."

FIRM FOUNDATION.

Nothing Can Undermine It in Newark.

People are sometimes slow to recognize true merit, and they cannot be blamed, for so many have been humbugged in the past. The experience of hundreds of Newark residents expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation here.

Mr. John Nelson of 41 Thirteenth street says: "When I enlisted in the 27th Ohio C. Volunteers under Captain Nichols, I passed medical inspection creditably. When I was discharged my back bothered me and at intervals ever after I had attacks of kidney complaint. My back was weak and painful across the loins, and I was also greatly distressed by urinary weakness. I took every kind of medicine but it availed me nothing. I tried Doan's Kidney Pills, getting a box at Crayton's drug store. After I used them my back ceased to ache and I felt stronger. Besides mending my back they also corrected the urinary weakness. To a man 81 years of age this is a great comfort."

BIG CROWD

CAME FROM COLUMBUS TO NEWARK PARK SATURDAY.

Hot Ball Game Played in the Morning. A Program of Sports in the Afternoon.

The largest excursion so far this season to Idlewild Park came over Saturday morning from Columbus, to attend the seventeenth annual picnic given by the employees of the Jeffries Manufacturing company.

The trains, three sections, were crowded and arrived at Williams street in West Newark at 8:30, 9:00 and 9:20 o'clock, where most of the crowd got off and went to the park, many, however, coming on to town and entertained themselves in the city. Great disappointment was expressed that the parade of Buckskin Bill's Wild West show did not materialize.

Special arrangements were made with the management of the park and those wearing the red Jeffries' badge were admitted to the park and theatre free and the following reduced rates: switchback 2 cents per ride, boats on lake 12 cents per hour, merry-go-round 2 cents per ride, bowling alley 5 cents per player, and other reductions in proportion.

The morning was devoted to the base ball game, played between the representative Jeffries' team, and a second team also made up of employees. The game was closely contested and it took ten innings for the first team to come off victorious by a score of 8 to 7. At that the second team out-batted and outfielded their opponents but lost the game by poor base running at critical stages.

The work of White in center for the second team, Kallor's catching and a wonderful catch of a foul fly in the ninth inning by Hassett were features of the second team's play. J. Chandler at short, Prosius at third and Saunders catching were noticeable in the first team's play. The line-up was as follows:

First team—Norris, cf; H. Chandler, 1b; VanHess, 1b; Prosius, 3b; Im-mell 2d; McDonald, p; J. Chandler, ss; Brown rf; Saunders, c.
Second team—Reams, 2b; Hassett, 3b; White, cf; Long, 1b; Berras, ss; Raymond, lf; Irvine rf; Kallor, c; Lind, p.

Score—
Jeffries 8 7 5
Second Team 7 12 4
Two base hits—Norris, Reams, Irwin, Kallor.
Three base hit—Berras.
Home run—Berras.
Umpire—E. A. Evans.
Considerable feeling manifested itself and the majority of the crowd were "rooting" for the second team, and were inclined to blame Umpire Evans for their defeat, and it must be said that his mistakes were costly to this team.

On many occasions the crowd would yell, "The second team will get the uniforms tomorrow," and it is undoubtedly true that some on the second team should and will get places on the first team.

The following events began on the half mile race track at 2 p. m.:
One mile race, \$5.00 gold piece.
Running high jump, Umbrella.
Pole vault, pocket knife.
Running hop, step and jump, umbrella.

Standing broad jump, pocket knife.
Fifty yard dash, mcr. weighing 200 pounds and over, French briar pipe.
One-fourth mile dash, regulation running shoes.

Shot put, cuff buttons.
Ladies' thread and needle race, lady's purse.

Girls' egg race, hammock.
Potato race, boys under 51 years, base ball mask.

Running broad jump, scarf pin.
100-yd dash, open, book.
Tug of war, box of cigars.
Prize waltz, parasol-cane.

The following committees had charge of the details of the very successful outing:

Base ball—Harry Loudenslager.
Dancing—Harry Loudenslager, Roy Pringle, Frank Kingston, Fred Huffman, Henry Aschinger, P. J. Rowley, Irvin Loehler.

Track Events—E. R. Merrill, Wm. Reisley, R. L. Rosser, E. A. Evans, C. J. Shockley, G. B. Norris, Al McCleary.

HAHN FREE

WHILE LAWYERS PUZZLE OVER THE SITUATION.

Judge Holds That Nash Should Mandamus the Sheriff to Execute a Warrant for Hahn.

Mansfield, Ohio July 12—Judge Dirlam of Common Pleas Court ignored the habeas corpus granted by Circuit Judge Douglass in the William M. Hahn extraordinary case ignored an affidavit of prejudice to himself as Judge of the Hahn case and delivered an opinion in which he held that the sheriff ought to have returned the Governor's warrant to a Judge of Supreme, Circuit or Common Pleas Court, as provided by statute, as soon as Mr. Hahn came into his control, regardless of other proceedings.

He said that the sheriff had failed to do so, not from wrong motive, but because he naturally hesitated between two fires. In Judge Dirlam's opinion the Governor should now instruct the Attorney General to begin mandamus proceedings in Supreme Court to compel the Sheriff to execute the Governor's warrant for Mr. Hahn, "in which Court," said Judge Dirlam, "it would soon be determined whether a simple binding over Magistrate can build up a wall which the state and United States Government cannot overleap."

This remark had reference to the Judge's finding that extradition is a power vested in the general government by the constitution, and therefore supreme to all state law. He held that the Sheriff as well as the Governor were simply ministerial officers in extradition.

Judge Dirlam refused to hear County Prosecutor Bowers, who endeavored to speak on behalf of the case he had instituted against Mr. Hahn here on the charge of larceny. The hearing was on motion of the attorneys for the state of New York and Assistant District Attorney F. P. Garvin that the Court order the Sheriff to execute the Governor's warrant. Judge Dirlam overruled this on the ground named.

It would not have been proper, he held, for him (Judge Dirlam) to instruct him to return to his Court. The decision is the talk of the town. The case is now an enigma, and the next step cannot be forecast. Mr. Hahn is still at liberty under the habeas corpus.

AN ILLUSTRATED VILLAGE.

Little Swiss Town One of the Quaintest in Europe.

When next you go to the Lake of Geneva, by all means pay a visit to the little known village of St. Legier, near by, on the road between Vevey and Blonay, one of the quaintest villages in Europe and one of the proudest on account of its extraordinary adornments. St. Legier and the adjoining village of La Chiesaz are nothing more or less than illustrated villages. They are as profusely illustrated as the modern magazine, for nearly all the houses bear on their outside walls some striking picture or comical caricature from the brush of a great man in the village, M. Alfred Beguin, a painter of local renown and not unknown in Paris, says Pearson's Magazine.

A house in St. Legier has no use for a signboard to tell the world that it is an inn, a cycle shop, a forge or a dairy. M. Beguin's picture does that. On a stable wall he draws a picture of a spirited runaway horse knocking down men as he leaps for freedom; on the white wall of the little village forge are pictures of men making horseshoes for dear life and shoeing a frisky steed; on the wall of the dairy a dairy maid balances a pail of milk on her head, while scenes of local life, as pictures of the annual summer exodus to the mountain pastures with the cows and goats, and caricatures of the local bigwigs make a bright picture gallery of the village. M. Beguin lives in one of the most imposing houses in St. Legier, whence he obtains a full view of the crooked little village street and of the Dent du Jaman towering up in the distance. For many years past he has amused himself by painting the houses, and in the first place he acquired most of his skill and boldness in painting in this way.—Detroit Free Press.

"Well, I don't believe in talking about a girl's looks behind her back. Her father's worth about \$20,000,000, and they've taken her to Europe twice without bringing back any titles, so you can form your own opinion."—Chicago Record-Herald.

RELATIVE

Of German Emperor is a Laborer at Bowling Green, Ohio—Calls Him self Spaulding.

Bowling Green, O., July 12—A member of the imperial family of Germany is laying a tin roof on the Opera House block in this city. His assumed name is Herman Spaulding. According to the documents in his possession he is a third cousin to the present Emperor of Germany.

Spaulding says that he held a position in the imperial palace at Berlin and, at a disagreement with several superior officers compelled him to fly from his native land. He has been in America 21 years and is now living with his family at McComb, O. Spaulding gives every impression of culture.

Wisconsin led other states in lumber production in 1899, with 3,400,000,000 feet of sawed timber valued at \$41,000,000.

OHIO'S GREAT SALT BED

An Opportunity for Investors, Perfectly Safe, That Will Afford Larger Dividends Than Any Other Similar Enterprise in the State.

Unknown to every one except those interested in the business, there exists in northern Ohio one of the largest beds of pure salt in the United States. Professor Claypole, D. S. C. F. R. S., after having been engaged in geological research in all parts of the known world, said, "It is the largest and best salt bed in the world." After the professor's return from his researches, he located in Boston and later came to Akron, Ohio, as a professor in Buchtel College. It was while he was a professor at Buchtel College he made daily trips to the great salt well now owned by the Inter-State Oil Co. His full and frequent investigation of the many salt wells in and around Akron, led him to say, that this was the best and the largest salt bed in the world.

There are now twenty-five wells within a territory eighteen miles in length and about ten miles in width in Summit county, penetrating this great salt bed, and which have been put down at a cost of over \$130,000.00. Only a few of the readers of our great daily papers know there are now four great plants producing salt and its other products from this great salt bed. Three of these immense plants are producing the best salt in the United States. One is located at Wadsworth, one at Rittman and one at Halo, all in the vicinity of Akron, Ohio. The fourth plant is a chemical company and manufactures soda-ash and caustic from the salt bed. This soda ash plant at Barborton is the largest of its kind in the United States. This great salt bed is less than four hours ride from this city.

This great salt bed if it were upon the top of the ground, would form a stupendous crystal mountain nearly three times as high as the top of the Court House in our city, and it would be as white as snow, transparent, and almost colorless in its purity, and would reflect the rays of the sun so that no eye could steadfastly behold it without injury.

There is every reason to believe that owing to its size, and purity, the great salt bed will soon become the center of the production of salt in Ohio, and this will become one of the greatest of the salt producing states. A few enterprising citizens of this state have organized a powerful company for the production of salt on a larger scale than has ever been attempted heretofore.

This company has now among its stockholders some of the best known and most prominent men in the state and is destined to become a permanent and large dividend paying corporation. The sister industries of iron and steel, clays, and coal, have made millions for the large investors and doubled and re-doubled the money invested by the smaller stockholders, so that in an ordinary lifetime many of them have become wealthy.

All of the other valuable minerals gold, silver, copper, etc., have to pass through an expensive refining and smelting process before they become commercially useful and profitable. But the salt from our vast bed is 99 per cent pure and needs only to be

Peter McCabe's Death.

Peter McCabe a former member of Co. G, 7th O. V. I. in the Spanish war whose home was in Holgate, Henry county, Ohio, died Thursday morning in California where he had gone for his health. A Serious Charge.

Zanesville, O., July 12—Ina Hildebrand, a young girl of Byesville, O., came to Zanesville and filed an affidavit in Squire Green's court, against Albert C. Swope and James Warns, charging them with attempted criminal assault. Swope is an ex-Republican County commissioner of this county, but for the past four or five years has lived in Guernsey county. Miss Hildebrand is a pretty stenographer, and resides in Byesville.

WHY PHYSICIANS FAIL

To Cure Many Cases of Female Ills. Some Sensible Reasons Why Mrs. Pinkham is More Successful Than Many Family Doctors.

A woman is sick—some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds back something, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and this completely mystifies the doctor.

Is it a wonder, therefore, that the doctor fails to cure the disease? Still we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician. This is the reason why hundreds of thousands of women are now in correspondence with Mrs. Pinkham, at Lynn, Mass. To her they can give every symptom, so that when she is ready to advise them she is in possession of more facts from her correspondence with the patient than the physician can possibly obtain through a personal interview.

Following we publish a letter from a woman showing the result of a correspondence with Mrs. Pinkham. All such letters are considered absolutely confidential by Mrs. Pinkham, and are never published in any way or manner without the consent in writing of the patient; but hundreds of women are so grateful for the health which Mrs. Pinkham and her medicine have been able to restore to them that they not only consent to publishing their letters, but write asking that this be done in order that other women who suffer may be benefited by their experience.

Here is Proof of the Value of Mrs. Pinkham's Advice.

"DEAR MRS. PINKHAM:—I have been taking your medicine for two months and write to you for some advice concerning it. I am in very poor health and have been for nearly three years. I am troubled with a pain and soreness in the back of my head and neck which develops into an almost unbearable headache at time of menstruation. Since last August I have been confined to my bed a great part of the time. In January I was taken very sick with one of my awful headaches, and lay for five weeks in a critical condition. Our doctors were unable to tell me the cause of my illness. I had a slow fever seemingly in my nerves with a marked bilious affection. I was completely prostrated. My physician did nothing for me but to put me to sleep, said it was the condition of my nerves at the time of menstruation. I was advised to take Lydia E. Pinkham's Vegetable Compound, and would like your advice and to know the cause of my bad feelings."—Mrs. FRANCES I. MCCREA, Sheridan, Mont. (April 27, 1900.)

"DEAR MRS. PINKHAM:—I wish to testify that I have been greatly benefited by the use of your medicine. After taking four bottles I felt better, my head and neck were greatly relieved. After reading the testimonies in the book you sent me, I believed that I had a tumor, and a while after when something the size of an egg passed from me, I was convinced of the fact. I now feel like a new creature, can go to my work, and can eat and sleep well, a privilege that I appreciate very much."—Mrs. FRANCES I. MCCREA, Sheridan, Mont.

\$5000 BOUNTY.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

A VERMONT LADY'S DESPERATE FIGHT FOR LIFE.

MRS. NATHAN BEAL SAYS:

PAINE'S Celery Compound

Saved Me From the Insane Hospital as Well as Cured My Rheumatism.

There never was a remedy so highly recommended, as Paine's Celery Compound. There never was a remedy in such universal demand. It is popular and prized in tens of thousands of homes, because it makes sick people well.

Paine's Celery Compound has saved thousands from nervous prostration and collapse; it has effected wonderful cures in kidney and liver complaints; its victories over rheumatism and neuralgia have commanded the attention and admiration of our best physicians. It has cured disease when everything else has failed.

Mrs. Nathan Beal, a well known lady of Gallup's Mills, Vt., writes as follows: "For ten months before I commenced taking Paine's Celery Compound, I could not put my foot on the first round of my chair, only five inches from the floor. I had nearly lost the use of my left side, and I could not lift a pound weight with the left hand without danger of dropping it. Many times I would lift something at the table only to drop it. I had a pressure in the top of my head and a pain at the base of the brain, which would leave me so nervous that I used to tell my husband I would surely go crazy. I could not keep still at night, and Sundays were just as awful to me. I found my whole system prostrated, and it took a long time to build up my poor, worn out nerves. I think that Paine's Celery Compound saved me from the Insane Hospital, as well as cured my rheumatism."

THE Y. M. C. A.

The "Conversational Class" on "Life Questions and Their Answers" conducted by the General Secretary, A. E. Ebersole will meet at 3:30 Sunday afternoon in the parlors of the Y. M. C. A. building.

Judging from the splendid attendance and the interest manifested at the first meeting last Sunday the course is going to prove very popular.

The questions discussed are practical and all have opportunity to participate. Nor is the attendance limited to the membership. All young men are most cordially invited to spend an hour at the association Sunday afternoon. The social half hour which follows the class gives opportunity for cultivating friendly acquaintance and fellowship. Come out tomorrow and hear the discussion on the question, "Who is Greatest?"

Don't forget the members' mass meeting in Y. M. C. A. parlors at 7 o'clock sharp this evening.

LODGE NEWS

Ben Hur.

The regular meeting of Alpha Court No. 31, Tribe of Ben Hur, will be held on Thursday evening of next week. Election of officers will take place.

Odd Fellows.

The regular meeting of Olive Branch Lodge of Odd Fellows, held on Tuesday evening there was a large attendance of the members and considerable business of importance was transacted, chief of which was the installation of the following officers by District Deputy Grand Master D. L. Jones N. G.—Frank Taylor.

V. G.—John Watson. Warden—George L. Swartz. Conductor—Henry Siegel. R. S. to N. G.—John Moser. L. S. to N. G.—R. W. Willey. R. S. to V. G.—L. C. Hall. L. S. to V. G.—Elmer Tavenor. Inside Guard—Orange Barrett. Outside Guard—Chas. Tavenor. R. S. S.—Edward Stief. L. S. S.—Scott Lavery.

At the next meeting of Olive Branch lodge, to be held on Tuesday evening there will be work in the initiatory degree.

Knights of Pythias.

The Supreme lodge of the Knights of Pythias will meet in San Francisco on August 3. Ohio is entitled to five delegates.

At the meeting of the Supreme lodge a number of changes in the law of the order will be discussed. Among them will be a proposition to have the officers of the subordinate lodges chosen annually instead of semi-annually; to make the maximum fee for a transfer card a dollar; to allow the supreme assembly of the uniform rank to nominate its own major-general, the supreme lodge to confirm the choice and to allow grand lodges to lower the initiation fees at their discretion.

In addition to these things an important matter will be the report of the board of control of the insurance branch of the order. It is claimed that a year ago the affairs of the endowment rank were in bad shape with about \$500,000 worth of death claims unpaid. Last July a special meeting was held and new officers were selected to get things in shape again. Since that time over \$400,000 has been paid and it is now claimed that by the time the Supreme lodge meets every dollar will be paid and confidence in the endowment rank again restored.

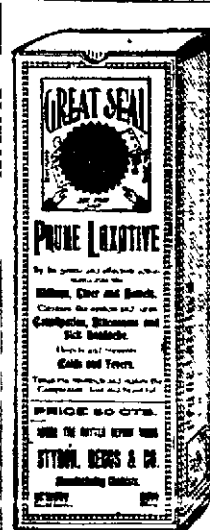

The G. A. R.

During the encampment of the G. A. R. in Washington in October next it is probable that the capitol will be illuminated every night. A request from General Eli Torrance, commander-in-chief of the G. A. R., to Speaker Henderson that the building be illuminated was referred to Superintendent Elliott Woods who stated that he was of the opinion that searchlights could be used with good effect. These may be secured from the navy department and turned on the building at night from several points in the city. Estimates from railroad men indicate that the travel to Washington on account of the national encampment will be far in excess of that of ten years ago when the G. A. R. was there last. Handsome maps of the battlefields of the civil war are being prepared for the use of the veterans under the direction of General H. V. Boynton, from the records and maps of the war department.

FOR THE CHILDREN

The Story of Blossom.
Winky-Wee had been visiting at her auntie's. Mamma and papa were at the depot to meet her, and as soon as they kissed her and hugged her mamma asked, "Why, Winky-Wee, what's in the basket?"
"A kitty, mamma—the dearest, sweetest white kitty you ever saw. Its name is Blossom."

When Winky-Wee sat down in the street car, of course she had to leave her basket. Pretty soon a baby meow came from the basket.
"Hush, Blossom, dear," said Winky-Wee. "We're going home to such a beautiful house where there's a doll's house and a cow bossy that gives such lovely white milk and a cellar full of mousies. Think of that!"

"Meow!" cried Blossom angrily; then she put out one little paw, and before anybody could say Jack Robinson she put out another little paw, then out came the whole kitten, and she jumped away out of the car—it was an open car—and when the motorman stopped so papa could get out there was not even the tip of Blossom's white tail to be seen. How Winky-Wee did cry while she rode home hugging the big empty basket! She cried till she went to bed. She did not even want to play with Jessie, her doll, or look at the doll's house or go and stroke the little rabbits.

One morning nearly a week afterward papa went to the back door early in the morning and called, "Winky-Wee, Winky-Wee, come here quick!"

She came running downstairs in her little nightie, and she screamed with delight, for there on the fence sat Blossom; not the snow white fat Blossom she lost, but a raggedy, dirty, thin Blossom, with a scratched nose and a bitten ear. And she never ran away again, but grew up into the loveliest, plumpiest, snowiest kitty in town—Good Housekeeping.

Rocky Bang.
A group of boys gather for play.
"What shall we play?"
"Rocky bang," exclaims one of the lads. "My rock one!"

"My rock two!" cries another.
"My rock three!" "My four!" "My five!" and so on, call others in quick succession. The last to call must be the ogre who guards the castle, said castle being a large rock or fence upon which the ogre places the tower, a rock at least as large as a good sized snowball. Ogre cries "Bang!" and the boys in turn fling stones at the tower, and he starts off at once, the boys all following in swift pursuit. If by chance he (the boy) can pick up the missile which he himself threw, he is free. If caught, he must become ogre and guard the castle. In case all the throwers miss the ogre may catch any one of them if he can. Whomever the ogre catches must take the ogre's place, and ogre takes the captive's missile and bangs at the tower.

The lad who hits the tower and secures his own rock the largest number of times during the game wins first place. Sometimes the boys choose up and make it a contest of sides. Then rocky bang becomes a real tug of war conflict equal in stress to baseball or golf. The boy who leads for the day wears home the badge of victory, and to lead the score for the week or month becomes a matter of highest honor.

Getting Rid of a Boy.
A head master of Harrow had a way especially his own of getting rid of little boys whom he invited to breakfast. You know, little boys have a peculiar habit of becoming inconveniently glued to a chair. The hospitable "head" would quietly go up to the youngster, who was perhaps in the middle of another muffin, and say very gently and with paternal kindness, "And must you really go?" The little boy invariably went.—Strand Magazine.

Didn't Like That Kind of Crackers.
It was the Fourth of July. A little miss was told to take her afternoon nap, and then she should get up and watch the boys put off their firecrackers.

Pretty soon a heavy thunder shower came on, and Aunt Mary went up to see if Miss Rachel was frightened. Evidently she was, for she called out at once:
"Aunt Mary, I don't want to hear any more firecrackers!"—Babyland.

The Beautiful Land of Nod.
Come, cuddle your head on my shoulder, dear,
Your head like the goldenrod,
And we will go sailing away from here To the beautiful Land of Nod,
Away from life's hurry and flurry and worry,
Away from the earth's shadow and gloom,
To a world of fair weather we'll float off together
Where roses are always in bloom.

Just shut up your eyes and fold your hands,
Your hands like the leaf of a rose,
And we will go sailing to those far lands That never an atlas shows.
On the north and the west they are bounded by rest,
On the south and the east by dreams;
'Tis the country ideal where nothing is real,
But everything only seems.

Just drop down the curtains of your dear eyes,
Those eyes like a bright bluebell,
And we will sail out under starlit skies To the land where the faires dwell,
Down the river of Sleep our bark shall sweep
Till it reaches the mystical isle Which no man hath seen, but where all have been,
And there we will pause awhile.

I will crown you a song as we float along To that shore that is blessed of God,
Then, ho, for that fair land, we're off for that rate land,
That beautiful Land of Nod!
—Ella Wheeler Wilcox.

CONTRACT MADE

For Complete Reconstruction of Home Telephone System at a Cost of Nearly Fifty Thousand Dollars—A New Up-To-Date Central Energy System.

An important meeting of the directors of the Newark Independent Telephone company was held Friday night when definite arrangements were entered into with W. H. Crumb & Company of Chicago, for the complete reconstruction of the system.

This action on the part of the local or home company involves an outlay of nearly \$50,000 for it means not only new poles, new lines, new cables, but a new multiple switchboard and a new and up to date central energy telephone in each subscriber's residence or place of business.

In the new construction work over eight miles of cable will be strung and a double line will be run to each subscriber thus doing away with the annoyance of "cross talk" on the line. The introduction of a multiple switchboard will enable the operators to give rapid service. One girl with such a board can answer 150 calls where she with the present system can answer 100.

Mr. Crumb, the telephone engineer, who has been in the city preparing the plans and specifications for the plant, is recognized as one of the leading electrical experts in the telephone business. He has built many exchanges but probably the largest he has installed is a new central energy exchange at Pittsburgh with 7,000 subscribers. Before leaving for Chicago

to place his order for material, Mr. Crumb said that owing to the delay in securing cable and certain other apparatus it will be impossible to begin actual construction work before the first week in August, but with a force of about 40 men he will be able to finish the plant within 90 days. Mr. Crumb's superintendent who will be in charge of the work when Mr. Crumb is not personally on the ground will be Mr. Petrey, the man who built the United States long distance lines through Ohio.

The company has spared no expense to get the best engineers and the best contractors. The very best material that money can buy will go into the new plant and positive assurance is given that when this new system is installed there will be none better in the entire country.

The Newark Independent Telephone company started in business 7 years ago cutting the prevailing rates in two and starting with 200 subscribers. Though the plant is to be completely remodeled there will be no advance in rates and the service will be unexcelled.

Chas E. Hollander who has been superintendent of construction work on the Buckeye Lake line and who is a graduate of the Boston School of Technology and a practical electrician, will become manager of the Newark exchange, July 16th.

COSHOCTON NOT IN IT.

Town Bases Its Hopes Now on Next Season But Prospects for Line to Newark Not as Bright as Might Be—Tucker-Anthony Syndicate.

Coshocton, O., July 12.—Coshocton will not this year have electric railway connection with Newark on the south and New Philadelphia on the north. A line may be built next year but even that has not been determined.

Many persons are under the impression that because the Tucker-Anthony syndicate is building from Canton to New Philadelphia it will only be a matter of a short time until they come into Coshocton. That would mean the construction of the link connecting the northern and southern interests of the syndicate and would give it a through line from Cleveland to Cincinnati. Impetus was recently given the connecting link story by the formation of a company to build a line from Newark to Zanesville and the published statement that the Tucker-Anthony people were back at it. The tale got added help from the fact that the Granville road and the Newark system had been bought by the syndicate.

Your correspondent has information from a source whose reliability is unquestioned that the Tucker-Anthony

syndicate will make no move in Coshocton county this year. The matter of connecting the northern and southern interests has been considered but not decided, nor will it be until it is known what business conditions are likely to be next year. Even then the connecting link, considered as an independent proposition would not be a paying investment. The line between New Philadelphia and Newark would simply be what it has been called, a connecting link.

Should the syndicate decide to build next year the Coshocton route might not be chosen. There is another that could be used and close investigation might lead the engineers to decide in its favor, but that is only conjecture.

It is a matter of regret that Coshocton has no electric line in sight. The history of the movement shows that the largest and most important town in every section through which trolley lines run benefit and benefit largely because of them. That some company will build down the Tuscarawas valley there is no doubt, but no one seems disposed to take up the enterprise at present.

INTERURBANS

To be Equipped With Sleepers as Well as Parlor and Express Cars in Indiana.

Indianapolis, July 12.—The Indianapolis and Western Electric railway company, which is a consolidation of the Indianapolis and Greenfield and the Indianapolis and Eastern companies, after the line is extended to Dayton, Ohio, proposes to put on a sleeper between the two cities. The Indianapolis and Western already has a line operating to Knightstown, and owns rights of way to Dublin, New-castle and Rushville. A company is building to Dublin on the west and to the state line on the east, and a Dayton company is building westward to the state line. All these lines will be eventually merged with the Indianapolis and Western. When the entire line is completed parlor and express cars will also run, and the company will begin bucking in earnest for steam road patronage.

EDITOR PHELPS

Former Newark Man Being Boomed for Congress—Mr. Phelps is at Alliance, O.

The East Liverpool Crisis prints the following concerning Mr. W. H. Phelps, which will be of much interest to his Newark friends. Mr. Phelps was for a time editor of the Newark American-Tribune.

The candidacy of Wallace H. Phelps of Alliance received a decided boom last night when the Central Labor Union of Canton followed the action of the Alliance Central Labor union and gave Mr. Phelps its unanimous endorsement, as Stark county's choice for Congress.

Mr. Phelps, who is a printer as well as an editor, also rejoices in the endorsement of the Alliance branch of the International Typographical union, and he is not backward in expressing his gratification that this is so.

What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited.

How do they manifest themselves? In many forms of cutaneous eruption, such as eczema, pimples and boils, and in weakness, languor, general debility.

How are they expelled? By Hood's Sarsaparilla which also builds up the system that has suffered from them.

It is the best medicine for all humors.

UNLUCKY ENGINEER.

Hurt Four Times in Past Nine Months—His Last Injury hap-
pened Friday Afternoon in Gravel Pit Near Gran-
ville on the T. & O. C. Road.

Granville, Ohio, July 12—(Special)—
For the fourth time within the past
nine months Engineer Edward Kramer
of the Toledo & Ohio Central railroad
was badly injured in a railway acci-
dent yesterday afternoon. Within the
time mentioned Mr. Kramer has been
in two headend collisions, at another
time was thrown out of his cab in the
locomotive and this time he received
painful hurts in a mishap at the gravel
pit south of Granville. In one of these
former accidents this engineer had
four ribs broken and in two others his
back was injured. In yesterday's af-
fair he was thrown against the boiler

having his face and right arm scalded,
receiving wounds on his right leg,
while his left hip and back were bruised.
It happened in this way.

The yard engine, which is used to
carry cars to and from the gravel pit
south of Granville struck a broken rail
and the front trucks left the track,
throwing the engine on one side. The
fireman and one brakeman were
thrown out of the engine but neither
was hurt as the engine was going at a
slow speed. Engineer Kramer how-
ever was thrown against the boiler and
was injured as told in the foregoing
paragraph. The engine was badly dam-
aged.

SOCIETY NEWS OF THE WEEK

and of Mrs. Bebout of Newark.

On Thursday afternoon Mrs. Frank
Hall entertained the Review club and
a few others in honor of her sisters,
Mrs. Baughman and Mrs. Leamon of
Albion, Ind. The afternoon's enter-
tainment consisted of a progressive
game of letters. There were seven
tables, and on each were cards with
one of the letters of the alphabet on
each card placed letter down. Also
a card on which was written the num-
ber of the table, and what was to
be guessed. At one table it was trees,
at the others were cities, states, rivers,
noted women, generals, animals, and
writers. As each card was turned,
the first one naming what the initial
called for kept the card, and the two
at each table having the most cards
progressed. The prize was awarded
to Miss Lisle. In addition to the Re-
view club, Mrs. Hall's guests were
Mrs. Baughman and Mrs. Leamon of

following members of her Sunday
school class Tuesday afternoon:
Frances McDermott, Mildred Rob-
Margaret Fuller, Margery Lawhead,

PE-RU-NA IS THE WOMAN'S BEST FRIEND, So Says Mrs. Rose, of New York City, And Tens of Thousands of Other Women.

Mrs. Jennie Rose, 362 W. Twenty-Second Street, New York City, writes:
The Peruna Medicine Co., Columbus, O.

Gentlemen: "Peruna is a blessing to suffering women. I suffered with
female trouble since I began menstruation, and every month I suffered two and
three days of untold agony, and had to arrange my work and duties so as to
be in bed every month for two days at least.

"My brother was cured of Bright's Disease from the use of Peruna and so
I determined to try it for my trouble.

"Imagine my great joy when I found that it relieved me quite a bit the first
month and I was entirely without pain during that period after having used
Peruna only four months.

"This is about two years ago and all during that time I have suffered no pain.
I can now come and go as I like and consider Peruna woman's best friend
and wish that every suffering woman might know that she can find relief
through the use of this medicine."

Truly yours,

MRS. JENNIE ROSE.

Ruth Renz and Mabel Metz.

A surprise was given Dr. Hatch
Tuesday evening at his home on
North Fifth street, it being the an-
niversary of his birth. The following
sat down to an elegant dinner: Dr. and
Mrs. Hatch, Mr. and Mrs. A. C. Hatch,
Mrs. Blair, Miss MacKinney, Misses
Marion, Ruth and Bernice Hatch, Dr.
DeCrow and Mr. Clark Hatch.

Miss Celia Wehrle gave a lawn party
at her home on West Church street
Wednesday evening. The lawn was
tastefully decorated with Japanese
lanterns. Croquet and music afforded
the amusement of the evening.

Miss Florence Fulton gave a house
party on Thursday evening. Her
guests were Miss Frances Priest, Miss
Ethel Brillhart, Miss Ethel Metz, Miss
Mary Everett and Miss Myrtle Miller.
On Friday afternoon they went to
Buckeye Lake where they enjoyed a
picnic supper. The picnic party was
accompanied by Mr. and Mrs. Brill-
hart.

Martine Crow entertained a few of
her little girl friends at her home on
South Fifth street with a dinner party,
Wednesday afternoon from two
to five. She received some choice and
beautiful tokens of love from her lit-
tle friends. Recitations and games
were the amusements of the after-
noon. Mrs. Crow was assisted in en-
tertaining the little folks by Mr.
James Fleming, Mrs. William McMil-
len, Mrs. Nelson Anderson and Miss
Katie Williams. Among the little
folks present were Minnie Mohaupt,
Mary Eulala Gilmore, Hazel Stas-
Grace Moore, Pearl Anderson, Fran-
ces McMillen, Martine Crow, May
Prior, Margaret Prior, Grace Sta-
May Anderson Elith Fleming, Bertha
Baker, Helen Harrington, Hazel Re-
man, Laura Gregg and Paul Edwors

"When I wrote you for advice I was
very bad off. When I received your
letter I commenced using Peruna and it
did just what you said it would. I have
had a cough for about fifteen years and
your medicine has done me more good
than anything I have ever used. I am
so thankful to you for your advice to
me."—Mrs. Ellen Thompson.

Mrs. James Eighmey, Grape, Mich.,
writes:

"I have been troubled with pain be-
fore and during my monthlies ever since
I was seventeen. I was also troubled
with other female weakness. I took
your treatment, and am now well, and
thank you for your kind advice."—Mrs.
James Eighmey.

Mrs. John Meyers, Erhart, O., writes:
"I have been a sufferer from chronic
catarrh for years and have thereby lost
the sense of smell entirely. I had four
of the best physicians in this vicinity
without receiving any benefit whatever.
"Now I am once more a well woman.
I find Peruna to be the best medicine
in the world as it has done me more
good than my physician could have
done for me. My friends say I look
ten years younger. I tell them that
Peruna did it. I can't thank you
enough for your free advice."—Mrs.
John Meyers.

Mrs. Ida Baker, Portsmouth, O.,
writes:
"I am glad to say that I am well. I
have taken Peruna and feel better than
I have for ten years; have gained twelve
pounds and am still gaining. When I
wrote to you for advice I had given up
all hope of being well again, and I feel
that it has saved my life."—Mrs. Ida
Baker.

Alice Scott, of Franklin, Ky., in a let-
ter to Dr. Hartman, says:

"For seven long years I have been a
constant sufferer from catarrh of the
pelvic organs which resulted in dis-
placement of the uterus. I wrote you
telling you all my complaints from the
beginning to the present, made happy
and much encouraged every time by
your kind and fatherly letters of advice
and instruction. I am now a strong
woman weighing 148 pounds."—Alice
Scott.

If you do not derive prompt and satis-
factory results from the use of Peruna,

When the Nerves are Hungry

When a child is hungry it cries; give it food it is satisfied; grows quiet or goes to sleep. When the nerves are hungry they pain; that is their cry for blood—blood that is rich and red—that brings them food, that nourishes them and gives them strength, steadiness and rest. No pain is harder to bear. Pain kills some people; it wears them out; it saps their strength until it leaves them a mental, physical, and nervous wreck. Nowhere in all its happy range are the splendid effects of Dr. A. W. Chase's Nerve Pills better seen than in these cases giving as they do to the blood all that makes it rich and pure. Strong in its power to nourish these crying, painful, hungry nerves back into their natural state again, strong, steady, quiet, and free from pain.

SECOND AND CANAL STS.

Mrs. B. Bollwine of the Travelers' Hotel, corner Second and Canal Sts., Newark, O., says: Dr. A. W. Chase's Nerve Pills are what they claim to be—a good nerve tonic. I was induced to use them as a cure for nervousness, restlessness, nervous sick headaches and depression. The box I got at Bricker's City Drug Store worked well in each instance and cured the trouble. I feel well and right again and can recommend them highly, as thoroughly reliable."

RESOLUTION

To Improve Elm street from Locust street to Log Pond Run.

Be it resolved by the City Council of the City of Newark, Ohio, two-thirds of the whole number of the members elected thereto concurring therein

That it is deemed necessary by said city and this Council hereby declares that it is necessary to improve Elm street in said City from Locust street to Log Pond Run, by excavating, grading, preparing foundation, constructing and setting a curb on each side of Elm street, between said points, and laying paving brick thereon in accordance with the plans, profiles, estimates and specifications relating to said improvement now on file at the office of the City Clerk.

That the cost and expense of said improvement, less the cost and expense of improving street, alley or highway intersections, and less one-fifth of the entire cost and expense thereof, shall be assessed per front foot upon the lots and lands abutting thereon; said assessments shall be payable in twenty semi-annual installments and bonds shall be issued in anticipation of the collection thereof.

That the City Clerk is hereby directed to cause this resolution to be published for two consecutive weeks in a newspaper published and of general circulation in the corporation, and F. H. Vogelmeier, Marshal, is hereby appointed to serve written notices of the passage of this resolution upon the owners of the lots and lands abutting upon said improvement, or to the persons in whose name the same may be assessed upon the tax duplicate for taxation, who are residents of Licking county, Ohio, as required by law for which service he shall be paid the usual fee for serving notices.

Passed June 16, 1902.

FIVE BANDS IN CAMP

State Ground West of Newark to be Scene of Great Activity
Beginning Sunday—Cars Every Fifteen Minutes—
May Be a Parade Sunday Evening.

Camp William McKinley, July 12.—Everything at Camp McKinley is in readiness for the coming of the Brigade. The Third and the Sixth regiments will arrive early in the morning, Sunday, and the Second regiment will come into camp Sunday afternoon. The First regiment, Ninth battalion will not arrive at the camp until Monday morning. They will rendezvous at Columbus and reach the grounds over the Pan handle. It is barely possible that the two regiments that arrive in the morning will be in shape to give an evening parade but nothing definite can now be learned at the Brigade Headquarters in regard to the matter, as the details in the regiments lie with the regimental commanders.

The cars will run to the camp every fifteen minutes on Sunday and after that day Superintendent Loftus says the citizens will be given a better service.

A number of new officers entered camp today and a number will be in this afternoon.

Hospital Steward Stewart of the Sixth regiment of Toledo, reported for duty this morning.

This afternoon the commissary department will begin issuing the subsistence to the different companies and when the men arrive Sunday their foodstuffs will be in readiness for use.

There will be five military bands in camp and the lovers of good music will have plenty of opportunities to hear them. The ceremony which is the most attractive to the citizens in the morning will be Guardmount as during the mounting of the guard, the band is out and plays several selections. The Ninth Battalion besides having an excellent band, has a number of glee clubs and during the encampment they will give several concerts to which the public will be cordially invited.

The Y. M. C. A. tent was placed on and 5,000 envelopes "for use at the

tent. This stationary will be furnished the men free. The tent will be supplied with books, papers, magazines, a piano, etc.

The grounds today, and everything will be ready for the entertainment of the men when arrive Sunday. The Y. M. C. A. has ordered 3,000 sheets of paper.

THE BARS UP.

Last night's Columbus Dispatch prints the following: In order to have a "look in" at the big state militia camp this year one will have to wear the blue or be an employee of the state.

Some of the camps in the past have been one long summer's dream, with white uniforms, pink lemonade, family groups, the prattle of children, and the clinking of glasses.

While this state of affairs has not existed in all of the camps, not altogether in any one camp, still the governor, and the adjutant general, it is said, decided to cut all of it out from the camps this year.

When the general order was issued this year these paragraphs appeared: "Ladies will not be quartered or subsisted in camp. Nor will camp followers other than the regular civilian employees, be quartered in camp."

This will bar newspaper men, visitors and everyone but cooks, hostlers and servants after taps, and visitors will have to get outside the guard line to eat their "chees sandwiches."

Another paragraph bars the "canteen." It reads: "Traffic in intoxicating liquors is strictly prohibited. The state law prohibiting the sale of intoxicating liquors within a mile of a military camp will be strictly enforced. (Sec. 3079, R. S. O.)"

So it follows that a polite invitation to "come see me in camp" will not be so pleasant as of yore.

At any rate there's a lot of talk over the order and many who have hitherto hung over the pink lemonade pail will now be "up against it."

lot and J. C. O'Brien of Chicago, are in Newark with the aggregation.

Frank Trost the veteran press agent formerly with Barnum and later with Pawnee Bill, is looking after that part of the business with his usual alertness.

The parade was a typical wild west pageant and included two bands, Sioux and Comanche Indians, Russian Cossacks and other features. The indications are that the seating capacity will be taxed to the utmost at tonight's performance.

THE SICK

ADVOCATE Guessing Contest!

Great interest has been aroused in the Advocate's Guessing Contest as is evidenced by the many guesses that are daily received on the blank coupons clipped from copies of the Advocate.

Many people are guessing two or three times. One may guess as often as he wishes, providing each guess is accompanied by payment for five weeks' subscription to the paper.

REMEMBER, \$200.00

Has been deposited by the Advocate for free distribution among readers of this paper who make the best guesses on the actual population of Newark on June 1, 1902. The one who makes the best guess will be given \$50, second \$25, third \$20, fourth \$15, fifth \$10, to the next five nearest \$5 each, to the next ten nearest \$2.50 each, and to the next fifteen nearest \$2 each.

THIRTY-FIVE CASH PRIZES

Aggregating \$200, given free to Advocate readers, who are required only to pay the sum they may owe for back subscription and five weeks in advance for the paper.

In case of a tie prizes will be divided equally.

Guess as often as you wish. For every 50 cents paid on advance subscription to the Daily Advocate you may have one guess.

In 1890 Newark had 14,289 people and in 1900 the official census was 18,157. What is the population June 1, 1902? The census is being carefully and accurately taken by experienced men. No person in the Advocate's employ knows anything about the census returns and no employee is permitted to enter the contest.

Canning Things.

When ma gets busy canning' things about this time o' year And leaves me with the baby fer to watch the little dear, First thing you know it falls some way and gets an awful bump, And ma comes tearin' up the stairs, about six at a jump. She sends me down to watch the stuff that's boilin' in the pot, And oh, the smell that comes from there is good, I tell you what! But pretty soon, somehow, it gets to bubble from the top, And ma comes fallin' over chairs and things, to make it stop. She gets the cans all set in rows and when it's boiled enough It splashes on her hands and burns while she pours in the stuff, And just because I'm lookin' on, there's something slips somehow And down the can goes on the floor and gee! but there's a row. When ma gets busy canning' things I wish that I could go Far, far away from here—about a thousand miles or so— And then come back along about the time the table's set And ma's got out a can or two of good stuff to be et.

McPhee Released.

Bud McPhee has been released as manager of the Cincinnati team and business manager Frank Bancroft put in temporary charge. It is intimated that Joe Kelley of Baltimore may be secured to fill McPhee's place.

A special dispatch from Baltimore lends color to this rumor, which reads as follows:

Baltimore, Md., July 12—John T. Brush, owner of the Cincinnati baseball club, is trying to get Joe Kelley of the Baltimore American League Club, to manage the Queen City team. Negotiations are in progress, and it is understood that the offer of Brush is so tempting that Kelley will be forced to accept notwithstanding the fact that Kelley's father-in-law is a large owner of the Baltimore club.

President Brush's letter of dismissal to his old manager was personally eulogistic, but "King Bid" declined to make the text public. That John T. has the highest personal regard for his old lieutenant is no news, but it is likewise true that he has long been impressed with the notion that despite his earnest effort McPhee has failed as a manager. The Cincinnati Club has not been doing an overwhelming business at the gate. With the highest salaried team in the history of Red administration, enthusiasts have failed to appreciate defeat. Eleven games lost by one run and only three won by Cincinnati is a record that to the official head argued that a team had been out-generaled. Ashley Lloyd and John McPhee expressed mutual regret at the parting. Warm friendship, that was

never strained at the breaking of official ties, has existed between them for many years.

McGovern as a Life Saver.

Atlantic City, N. J., July 12—As a finale that lacked only red fire and a quick curtain for the stunts he has this week done, Terry McGovern rescued from a watery grave Friday Miss Maybelle Moore, leading lady of the Huntley Moore company and the wife of W. H. Moore, the Chicago millionaire film manufacturer. When he and his fair burden once more walked on the silvery sands of the shore, and one of the little fighter's friends called him by name and grasped his hand, congratulating him on his heroism, Miss Moore for the first time knew to whom she owed her life. She put her arms about his neck and with lips pressed close to his gave him a kiss that was not of the stage variety. Miss Moore, in company with W. H. Huntley and other members of the company were bathing near Heinz' pier. Near the thespian party were Terry, his manager, Sam Harris, and their two colleagues, Jas. S. Kennedy and Joe Humphreys. Mr. Huntley and party were taking a sun bath when Miss Moore decided to swim out to the life buoy, a distance of 100 yards. She was caught in the undercurrent near the pier. She yelled for help and Terry was after her. Their companions on shore were frantic. Messrs. Harris and Huntley got a lifeboat and rowed out to them. Both were pretty tired when pulled into the boat.

Newark vs. Mt. Vernon Today
Vernon at the Esplanade
The Newark team is playing the Mt. Vernon team at the East End grounds this afternoon.

JEFFRIES' LAST TRAINING.

Harbin Springs, Cal., July 12—Jeffries today did his last training here and packed up preparatory to leaving for Oakland tomorrow.

FITZSIMMONS HONORED.

Skaggs Springs, Cal., July 12—Fitzsimmons tonight will be honored by friends with a minstrel show in his gymnasium. He will do very little work today.

Sporting Notes.

Cleveland moved out of last place by Friday's victory over Detroit. That Cleveland bunch with anything like effective pitching, has no business in last place in any league.

Lefty Davis, one of Pittsburg's star outfielders, in attempting to steal second base Friday fell and broke his leg in the same manner as Van Halten did two months ago, and in the same spot.

McCann was spiked and had to quit while Gilbert and Kelley were put out of the game at Washington Friday, which demoralized the playing of the Baltimore team.

Of the 39,000 horses which were exported from the United States to Great Britain during last year, a few more than 25,000 came from Chicago.

Acce once meant any field. It's still used with this significance by the Germans, who speak of God's acre, alluding to the cemetery.

FIND ANOTHER BOY.

BLACK AND WHITE.

The Perfect Black Gown—Taffeta Much Tucked.

A great deal of black and all white is being worn this summer by those who are weary of the crude colors presented to public notice early in the season.

Although there is a saying that black is no color, the perfect black gown is composed of many shades, being made not of one black, but of many. Take, for instance, the dead black of crepe

PIQUE COAT.

de chine mixed with the beautiful cloudy effect of chiffon. It would be probably trimmed with a glimmer of satin and a becoming black chenille or velvet and further lightened with jet of varying shades. Then indeed it is a black dress which is a glorious creation and charming in every detail.

There is a great demand this season for black chene afternoon frocks, and these are a little newer than taffeta. They are useful and smart for summer wear, as the surface is an excellent introduction against the dust.

To introduce a new note in taffeta it must be either stitched, strapped or tucked and should be decorated with soft lace and velvet.

A little child's white pique coat is the subject of the sketch. It is made on the highwaist pattern, with three capes stitched and edged with white wash braid. The belt is of stitched pique. The buttons are of pearl. The garment is unlined.

JUDIC CHOLLET.

UNLINED DRESSES.

They Are a Feature of the Summer Fashions.

The unlined dress is a feature of the summer. It is chic and comfortable whether made of foulard or linen. Foulard, by the way, has almost ceased to be a dressy material except in the very palest shades. It is now made up shirt waist style with a

CHIFFON RUFFLE.

foucened skirt and a strapped waist fastening down the back with small buttons.

The newest ribbon girdle has a three-quarter length bow of ribbon with two bias ends.

Gowns of linen place in old rose shades are the rage of the hour. They are made very much tucked and trimmed with black velvet ribbon.

The reign of the shirt waist is nearing its close, according to all fashion authorities, and it will in future be relegated to sporting and traveling costumes. But even for the latter dresses of serge and china silk are being used.

The cut illustrates the very latest style of chiffon neck ruffle. Unlike the old fashioned bow, it is composed of three wide, flat ruffles lying out on the shoulders. These come down to a point in front, where they are joined to long streamers of narrow velvet ribbon.

The smart tailor made hat is of sun burned straw, trimmed with black velvet ribbon. **JUDIC CHOLLET.**

THE BRITISH MEDICAL INSTITUTE

Has More Physicians on Its Staff
More Capital Invested, and Effects More Cures Than Any Other Medical Firm in This Country.

78,864 Cases Cured in 5 Years.

A Branch of This Institute is Located in Newark at 100 W. Main St., Avalon Flats, Where Free Services Are Given For Three Months to All Invalids Who Can Before July 14th.

Over twenty years ago Brit. eminent specialists of Great Britain, and America united in order that they might utilize their combined skill in curing all chronic diseases. They named their association "The British Medical Institute." It is now incorporated under the laws of the state of Michigan, with a paid up capital of \$60,000. A branch office being located in Newark, at 100 W. Main street, Avalon Flats.

These eminent specialists held daily consultations for several years. Naturally each acquired much knowledge during his long experience that is not recorded in the text books. Thus each reaped the benefit of the experience of the other thirty-nine; any new discovery of value made by one of its doctors was and is immediately communicated to the others; this is why the doctors of the British Medical Institute have no peers in the successful treatment of chronic diseases; each patient practically secures the combined services of forty eminent specialists.

Male and female weakness, catarrh and catarrhal deafness, also rupture, goitre, cancer and all diseases of the rectum are positively cured by their new treatment.

During the past five years it has treated and cured 78,864 persons.

At the Newark branch, located at 100 W. Main street, Avalon Flats, it has given free services (medicines excepted) to all invalids who called during the past six months, and it will continue giving free services for the next three months to all who call before July 14th.

The chief assistant surgeon is in personal charge of the Newark office. Hours 9 to 8; Sundays 10 to 1.

DEAFNESS CURED.

Newark, O., March 19, 1902.
Editor Advocate: The treatment given by the British Medical Institute is curing my deafness. I can now hear a watch tick ten inches away. When I started I could not hear the watch close to my ears. My throat and stomach trouble is also improved. Hoping your institute will prosper. I am, Sincerely yours, JOHN R. GRAY.

FROM HOMER

LICKING COUNTY GAS WILL GO TO ZANESVILLE.

Through an Eight Inch Main—This Company Has Eight Good Wells in This New Field.

Zanesville, O., July 12.—The Great Southern Gas and Oil company has now passed into the hands of its purchasers, the Ohio Fuel Supply company. Officers were elected as follows: G. W. Crawford, Pittsburg, president; F. W. Crawford, Cambridge first vice president; J. M. Garard of Zanesville, formerly of Cambridge, second vice president and general manager; H. C. Resser, secretary and treasurer. The meeting was attended by the following members of the company: M. C. Treat, of Washington, Pa.; E. M. Treat of Barnesville, O.; Wm. McIlwaine of Washington, Pa.; David Iseman of Washington, Pa., and the above named officers.

General Manager Garard states that the company has secured another good gas producer in the Licking county field making the total number of wells eight now owned by the company in the field. The company has started to lay an 8-inch main from the Homer field to this city thus giving the city an additional supply of gas sufficient for all demands.

A 10-inch pipe line is now being laid from Homer to Columbus, and material will soon be on ground for a pipe line from the new field to Newark.

AGREEMENT

BETWEEN MR. TAYLOR AND THE BOARD OF TRADE.

Lot Sale for Location of Big Steel Plant Will Begin Next Thursday, July 17th.

After repeated conferences the directors of the Newark Board of Trade, representing the city, and Mr. Taylor, representing the eastern men who propose to establish a steel plant in Newark, has come to an agreement. A brief statement made by the officers of the Board of Trade appears on the first page of today's Advocate. At the recent mass meeting the proposition to locate such a mill here was fully approved but in the estimation of several, the price that was to be paid for it was considered too high. All agreed as to the value of such an institution to the city.

The directors insisted that the city should be required to sell less than 365 lots, and claimed that a certain commission on the sale of lots should go into the treasury of the Board of Trade. After earnest efforts the Board of Trade gained its point and under the agreement reached, the Board is to sell only 200 of the 365 lots, the company agreeing to dispose of the remaining lots. When the Board sells 200 lots its part of the work will be over, but the company must sell the remaining 165 lots. The Board will secure a commission of \$1,800 on the sale of lots and this money will go into the treasury of the Board of Trade.

The effort to locate this industry is approved by everybody. Watch for announcement on Monday.

EXCITING

Chase With Three Burglars Had Two Newark Men Saturday Morning. They Escaped.

Superintendent Slate of the Catholic cemetery and Mr. Charles Bader had an exciting chase with three burglars this morning about 10 o'clock. The men had been detected in the Wright house near the cemetery, and were chased by Messrs. Bader and Slate to the creek near Lovers' Lane. Here one of the burglars pulled a gun and held his pursuers at bay. Mr. Bader came to town and later Lieutenant Sutton and Officers Zergiebel and Haslet went to the scene, but the fellows had made good their escape and have not since been seen.

MRS. SPRINGER

FORMERLY MISS MCGINNESS OF THIS CITY

Now State Regent of Illinois D. of R., is Now One of Chicago's Prominent Women.

Mrs. Marguerite Warren Springer, of Chicago, who is well remembered in Newark as Miss Marguerite Maginness, is now championing the idea that a proper combination of art, labor and production is the summum bonum to the people of the present day, and an open platform for the study of these interests has been established in Chicago by Mrs. Springer and her co-workers.

Art, as Ruskin thought it out, work as Carlyle preached it, and then William Morris and his touch upon the two ideas—that is the doctrine of Mrs. Springer. One might add, also, Mrs. Springer is that doctrine.

This theory is exemplified in the Industrial Art League, of which Mrs. Springer is a patroness.

"You see," Mrs. Springer says, "the Industrial Art League means Morris' doctrine that 'art is the pleasure of life.' It means Ruskin's doctrine that 'Labor without art is brutality.' It means with Carlyle, 'Produce, for God's sake produce!' That is industrial art, and it is what the league aims toward."

Mrs. Springer is state Regent of the Illinois Daughters of the Revolution and was state delegate to the recent national convention held in Denver.

The Post of that city says of her:

"Beauty, and of the really beautiful sort that Ruskin must have had an inkling of when he thought of the queen in the queen's garden, is the possession of Mrs. Springer. To say only that she is undoubtedly the most beautiful woman who appeared among the many beautiful ones at the national convention of the Daughters of the Revolution this week would really be denounced as absurdly weak by Chicago—always exacting in the matter of praise where her women are involved."

The Patriotic Review published at Boston in a recent issue has a full page portrait of Mrs. Springer, and an account of her work in Chicago.

Mrs. Springer's husband is one of Chicago's wealthy men.

A Sustaining Diet.

These are the enervating days, when as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will wither and tonic—say, a sustaining diet. It this time of year.

For the Children.

Children suffer from colic and serious forms of indigestion during the hot months, because they overload the stomach with improper food. There is no remedy which is so quick in relieving colic pains as BLOOD WINE. It is perfectly safe for children; has a pleasant taste; they are eager to take it. For sale by CITY DRUG STORE

WEDDING

Of S. Reed Johnson and Miss Mary Iden Took Place at Brownsville Thursday Evening.

Brownsville, O., July 12.—Thursday evening was the occasion of one of the prettiest home weddings of the season when Mr. S. Reed Johnson and Miss Mary Iden were married at the home of the bride's parents, Mr. and Mrs. James Lee Iden, who reside just north of town. Promptly at 8 o'clock the bridal party walked to the center of the parlor where the Rev. C. H. Sowers pronounced the beautiful and impressive ceremony which joined them for life. Immediately after the ceremony the bridal party together with about 30 friends and relatives repaired to the dining room where an elegant supper was served.

The groom is a well known young school teacher, being assistant in the Brownsville high school. The bride is a very charming young lady prominent in society and church circles.

Among the many presents received by the young couple were: Wash bowl and pitcher, Rev. C. H. Sowers, Rushville; butter dish, Mrs. C. H. Sowers; parlor lamp, Mr. and Mrs. J. W. Johnston, Columbus; set of knives and forks, Mr. and Mrs. T. W. Johnston; berry set, Miss Bertha Kreager; water set Mr. and Mrs. John W. Duthmer, Linville; fruit dish, Mr. and Mrs. J. A. Drumm; towels, Mr. and Mrs. E. P. Kemper, Gratiot; fruit dish, Miss Ethel Kreager; sofa cushion Mr. and Mrs. James Caughenbaugh, Glenford; dresser cover, Mr. and Mrs. E. D. Frye; bed spread, Mr. and Mrs. James Duthmer; fruit dish, Mr. Graham; bed spread, Mr. and Mrs. T. B. Iden; lamp mat, Mrs. T. W. Johnston; bed spread, Mrs. Graham; one dollar, Mr. and Mrs. Ross Johnston; five dollars, Mr. J. W. Null, Chicago.

Delaware—Joseph McGuire sustained severe injuries in a mysterious manner. While riding along the road he fell asleep and was assaulted by an unknown person. When found, he had sustained a deep scalp wound, a gash in his cheek and several broken ribs. His condition is critical and he is unable to tell how he was injured.

Marysville—Hon. John E. Griffin, wife and daughter, of Socorro, New Mexico, arrived here for their first visit in Marysville since Mr. Griffin was appointed clerk of the United States district court in New Mexico in 1898.

Shelby—The molders at the Shelby stove works refused to pour off unless their request for 25 cents additional was granted. They have been receiving \$2.25 per day which is 50 cents less than the scale. The board of directors refused to read their petition. Negotiations are on for the adjustment of the difficulty.

Millersburg—Jacob Swanger of German township, has been arrested on a charge of horse stealing. It seems that in April Swanger sold a horse to Jonas Beechy for \$155. Beechy sold the animal to a party at Buffalo, N. Y. Now it turns out that the animal was stolen from Simon Lientz, near Mineral Point, and the latter went to Buffalo and found his horse and brought it home.

Saved a Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured. Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed at Hall's Drug Store. Price 50c and \$1.00. Trial bottles free.

Diamond Birds.

The latest thing in bridesmaids' presents is a set of diamond birds of various shapes. One bird may be like a cock with a ruby comb, another a pheasant with sweeping tail, a third a peacock with its fan shaped tail studded with sapphires. A different bird is given to each bridesmaid, so that each has the pleasure of owning a unique ornament.

Summer.

Moss at our feet, and overhead all green, 'Gainst tender skies that ever earthward lean, While feathered songsters lift their lays serene.

Hillside aglow and bramble bower'd dells Where woodland music softly sinks and swells, Where sway a million pale and fragrant bells.

See the last trace of dreariness give room To summer's glow of sunshine and perfume, And the glad times of mingled song and bloom —Genesee Richardson in Outing For July,

Y. M. C. A. PICNIC

Will be a Big Success as Assured by Interest Taken—Miss Meeting to Arrange Details.

The success of the Y. M. C. A. picnic is now positively assured. The project was discussed at the meeting of the Board of Trustees last night and it was the unanimous wish of the Board that it be made a big affair. Several committees were appointed to take up certain features at once and meet with the members in the mass meeting at the building tonight and announce there some of the things they propose to do to make the day enjoyable.

Other committees will be made up from among the members and set to work and final arrangements regarding date, rates, program for sports and recreation, etc.

It is hoped that not only the entire membership but many others will take advantage of this day's outing with wholesome associations, fun and recreation.

THE FRIARS

Will Not Leave the Philippine Islands. The Negotiations Now on at the Vatican.

Washington, July 12.—The negotiations now in progress at the vatican respecting the Philippine friars and their lands will not fail. Of that the administration officials here feel certain. It was realized at the beginning when Governor Taft's instructions were framed that they represented the extreme of our claims and that they did not preclude the idea of an agreeable compromise by mutual concessions. The negotiations are progressing in this spirit.

The United States government will not secure everything it desired, because, even if the pope were disposed to concede these things the negotiations have developed the fact that although his power is theoretically unlimited, in actuality, the internal politics of the vatican impose conditions even upon the chief prelate of the church which he must observe. Therefore, the immediate and complete withdrawal of the Spanish friars from the Philippines is not now expected.

PRESIDENT CONCERNED.

Oyster Bay, L. I., July 12.—A question which now is engaging the President's attention and which is giving him no little concern is that respecting the negotiations with the vatican for the withdrawal of the friars from the Philippine archipelago. Mr. Roosevelt has received from Secretary Root the pope's note in reply to Governor Taft's propositions, cabled to the war department from Rome.

It is announced that until the negotiations have been brought to an issue successful or otherwise, no formal statement by the administration will be made. When that time shall arrive the statement will be given to the public by Secretary Root in Washington. Nothing will be made public here.
